

Kit decentramento / *Decentralization kit*

Kit B

Kit C

With the decentralization kits, it is possible to position suspension lamps at will, regardless of the location of the power source. With an extremely discreet design, to minimize the visual impact, it is proposed for both self-supporting single cable models and for those equipped with one or more steel cables.

Kit M

Kit B

Kit B	code	
	FNKIT_DEC_B	

Decentralization kit, includes 3 supports for steel cables.
